 **Accuracy Notice:** This tool uses statistical signals for analysis and is not 100% accurate. Results should be used as one input in a broader evaluation, not as definitive proof. Accuracy improves with longer text samples (500+ words recommended for documents).

 **Privacy:** Your upload is used solely for the purpose it is uploaded — AI content detection analysis. Sen's AI Detector does not share your upload with any third party. All analysis runs on our server only. Your upload is not stored, retained, or used for any other purpose.

 **Copyright:** By using this tool you confirm that you are not violating any copyright law. Sen's AI Detector does not reproduce, store, or distribute your uploaded content. The act of uploading content for AI detection analysis constitutes fair use under applicable copyright law.
